

Watermelon Creek Vineyard, a Georgia Farm Winery, opened its doors in May 2012 as a testimony honoring the family, land, and rural business that once dominated life in southeast Georgia. The Tasting Room and “Winestaurant” displaying memorabilia from past generations welcome you to stay a while. A wine tasting of very dry to very sweet muscadine and blueberry wines followed by a small plate, lunch or supper from our fully staffed “scratch” kitchen is the perfect pairing for an enchanted experience. Check out our updated lunch & supper menus at www.watermeloncreekvineyard.com.
