

WOODS -N- WATER

HUNTING AND FISHING ADVENTURES

Testimonials

"My 14-year-old son and I recently spent a weekend at Woods N Water, taking advantage of their Artifact Adventures and working in some hog hunting and fishing while we were there. Simply put, these guys do it right! Hogs are aplenty, with opportunities both nights we hunted to harvest a hog. The Artifact Adventure was all I hoped it would be, plus more. Extremely interesting and informative day learning about the Native American people groups that inhabited the land thousands of years ago, topped off with several hours roaming through freshly plowed dirt searching for artifacts. To say that we found some super cool (and super old) stuff is an understatement - we found a lot! Overall, it was a memorable weekend and we cannot wait to make another trip down. Lodging, with very comfortable beds, is included as part of your stay. From the moment you arrive, you are warmly welcomed and feel like you have arrived at your home away from home. Top ratings all around!" - Drew Chrisohon

"What I loved about Woods-N-Water was all of the nice people that greeted us right when we got there. I also loved that I was able to hunt for artifacts that could date back to be over 10,000 years old. The hog hunting was great and I would go back every day if I could. I loved that I was able to spend some much needed quality time with my dad, while we were hunting hogs and looking for artifacts. I loved that the Woods-N-Water plantation was sitting on a major piece of history, I loved how I was able to help uncover pieces of history with them too. With the knowledge I learned about Native Americans and how to find their artifacts, I am now able to take this knowledge and use it to find my own artifacts in my backyard. If I could, I would come back to Woods-N-Water every weekend to hunt hogs and look for artifacts." - Eli Chrisohon (14 yrs)

"It's been a great time. I'd highly recommend it for anyone who's interested in artifacts and people who want to spend time with their kids or grandkids." - Terry Joyner

"Had a ball. Excited to take a lot of the stuff I learned here and will use it at home." - Neil Lyons

"This past weekend my son and I had a great time with the staff at Woods-n-Water. We attended the camp's first artifact adventure and boy were we blown away!!! Alex and Blaine were great hosts and very pleasant to be around. Thad brought a wealth of knowledge about our Native American predecessors. I will definitely be attending one of these again. Thanks guys and keep up the good work!!!!" - Ty Herrington
