TOURS

The Heritage Sandy Springs Museum offers daily tours for both kids and adults!

We offer two children's tours that enable kids to interact with artifacts, documents, interactives, and more. Our Heritage Clues tour allows kids to explore each gallery of the museum with a self-guided handbook allowing them to interact with their local history as they search for specific artifacts including, pictures, art, and tools. Once complete, their tour guide will ask them questions related to the objects they found in hopes that they understand the history of our community. Interested in something a little more guided? The Our Heritage (Kids) tour discusses the history of the Williams and Payne families, the 1860s farmhouse that houses our museum, the Burdett Milk House, and the original sandy spring. This tour is led around the house and through the gardens as we ask questions of the group to make the tour a shared experience. Children’s tours are offered Tuesdays at 10:30am and 1:00pm.

We also offer a guided Our Heritage tour for adults. Encompassing the Williams-Payne House, Heritage Green and its historic structures, this 45-60 minute tour will invite you to learn the history of our community by tracing our story through some of the oldest standing structures in the city. We'll discuss the evolution of Sandy Springs from a sleepy rural community to a bustling metropolis, and how Heritage Green became the Heart of Sandy Springs nearly 35 years ago. This tour is offered Thursdays at 10:30am, begins in front of the museum, and walks around nearly 2 acres of our campus.

All guided tours are $5 per person.

PUBLIC MUSEUM TOURS FOR ADULTS; THURSDAYS at 10:30 am

PUBLIC MUSEUM TOURS FOR KIDS; TUESDAYS at 10:30 am, 1 pm & 3 pm
