Welcome

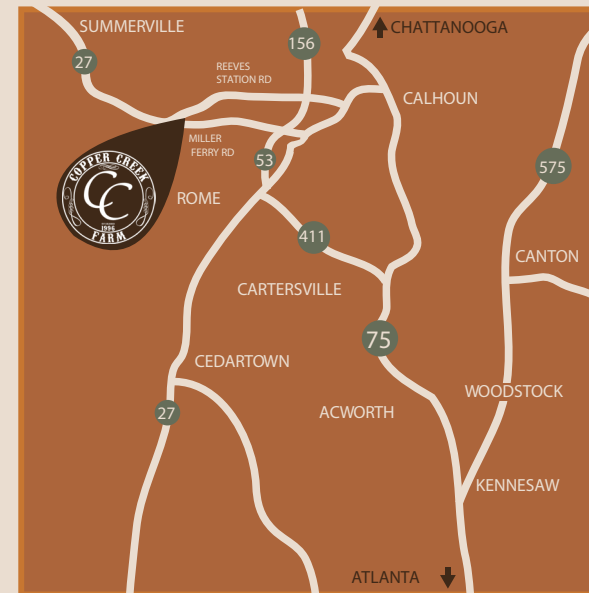

The Copper Creek is a beautiful farm located at the foot of the Appalachian Mountains, about an hour north of Atlanta. It's a place where families, school groups, and even businesses can come to enjoy what we call Agritourism. Copper Creek is owned by the Grogan family and dedicated to growing healthy families, and making memories worth repeating.

A day at Copper Creek is packed full of excitement, adventure, and making memories. Pony rides, hay rides, pumpkin patch and a cow train, are just a few of the attractions that will make your day truly memorable.
