

## 65 Years and Counting

Mercier Orchards, nestled in the North Georgia Mountains, is celebrating over sixty-five years of business. After founding Mercier Orchards in 1943, the Mercier family is still coming to work and producing the same quality products they always have. We invite you to come experience a "taste of the mountains" at Mercier Orchards.

A stop at Mercier Orchards sends your senses into overdrive. Bushels of apples fresh from the surrounding orchard, in jewel tones from the deepest ruby to bright scarlet to fresh green, invite you to taste.

The colors and flavors of the apples highlight the bottles of fresh cider lining the shelves. Jellies and jams, along with other gourmet goodies, are ready for you to take home. You'll be tempted to share the bounty by sending gifts to fortunate friends.

Mercier Orchards makes up gift packs and baskets to ship. You can also shop online at [www.mercier-orchards.com](http://www.mercier-orchards.com).

## Bakery

The bakery at Mercier Orchards is as tantalizing as a fresh-baked pie cooling on a neighbor's kitchen windowsill. The scents of nutmeg and cinnamon waft from fruit pies, pastries and donuts. Apple bread begs you to take a bite. Fruit pies - apple, blueberry, peach, cherry, pecan - come fresh from the oven as the seasons change. We offer seasonal baked pies in the following varieties: pecan, cherry, pumpkin and peach.

Or, you can have old-fashioned "fried" pies. To cut down on the guilt and calories, no sugar added apple pies are also available and are sweetened with Mercier's cider. Can't you just smell your favorite cooking?

## What's a fried pie?

Well, you've never been to Mercier's before, have you?

## Deli

While you're here, grab a made-to-order sandwich, a fresh salad with cuts of fresh fruits and vegetables, or even a beer-boiled hot dog. If you are planning to take your lunch with you, we can even box it up picnic-style for your trip home or wherever your trip may take you.

Mercier Orchards presents...

## U-Pick

**Do you need a little culture?  
How about a little agri-culture!**

During our early season (primarily September weekends!), Mercier Orchards is happy to share the experience with our "U-Pick" events. Take a tractor ride up into our orchards and you'll get first dibs at the best apples on the trees. Come enjoy a fun-filled family outing and take home some great apples and a whole lot of smiles!
