Dorchester Academy

Coastal Georgia's Historic
Educational and Cultural Haven

Featured on

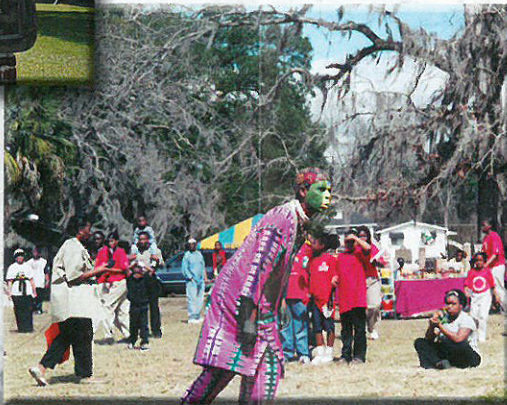

The Foundation of Education in Liberty County

Visit Dorchester Academy and see history come alive! An active community center and museum, the Academy was founded after the Civil War as a school for freed slaves. By 1917, the fully-accredited high school had eight frame buildings and 300 students.

Learn about Dorchester's historic past as you walk through the "long haul" and witness the struggle of Coastal Georgia's Afro-Americans. Follow the Academy's role in Dr. Martin Luther King's preparation for the 1963 Birmingham campaign. Enjoy one of the special events at Dorchester Academy, including **"Black Expo"** and **"A Day at Old Dorchester,"** or create your own special event and utilize the group facilities on site.

Whatever the reason for your visit, we're sure you'll enjoy the history and culture of Dorchester Academy. For events, exhibits, alumni information and more, visit our website at www.dorchesteracademy.com.
