

# The Herb Crib

## NATURE'S PARADISE

The Herb Crib is nestled in a tranquil valley, in the North Georgia mountains. You will find a place of peace, beauty and mystical charm. The Herb Crib provides a welcome escape from modern pressures and returns you to a place of simple delights and sensory pleasures.

We specialize in organically grown herbs, flowers and native plants. Owner/operator, Karin Rutishauser, is a member of the United Plant Savers, the Native Plant Preservation Committee and is certified as an organic grower by the Georgia Department of Agriculture.
