Rose Garden & Cherokee Lake Park

420 COVINGTON AVENUE

The **Thomasville Rose Garden** is situated near Cherokee Lake Park on 5 acres of land and provides astounding beauty and a fragrance beyond compare for thousands of visitors each year with over 1500 rose bushes. The garden is planted to include four themed beds: Heroes, Holidays, Love & Cherish and Famous People. In addition to the themed beds, the garden includes two assorted beds and two memorial beds (see back for a map of the Rose Garden). Known as the "City of Roses," the city maintains 85 rose beds in addition to the Rose Garden. Thomasville celebrates its historical connection to this beautiful flower with an annual Rose Show and Festival each April.

Cherokee Lake Park is one of the city's finest and most scenic recreation spots. A one-mile, paved and lighted walking path winds around the lake with several piers and sitting areas along the way. Fishing and small boats are allowed on the lake as well (small electric motors only). You will also find several covered pavilions, grills, restrooms and a playground with modern equipment for the children. The park is adjacent to the beautiful Thomasville Rose Garden that blooms from early spring to late fall.
